ABOUT US

Welcome to Intelligent Entertainment, where creativity meets immersion in the world of premium indoor entertainment. From escape rooms and mini-golf courses to adventure games and axe throwing lanes, we bring your wildest entertainment aspirations to life.

Since our inception in 2014, we have embarked on an extraordinary journey. What began with our flagship brand, "The MindTrap" Escape Rooms in Greece, has evolved into a global enterprise. Today, we proudly serve over 50 partners across Europe, the USA, Australia and Africa, expanding horizons and delivering unforgettable experiences worldwide.

Within our 2,500m² factory in Thessaloniki, Greece, a diverse team of experts converges. Carpenters, electrical engineers, visual artists, electronics engineers, directors, game writers, graphic designers, marketers, incite the creation of 21st-century indoor entertainment.

Our manufacturing excellence is fuelled by our ability to achieve remarkable results in record time, thanks to our state-of-the-art heavy machinery. Furthermore, we specialize in crafting immersive themed worlds of entertainment that captivate our audiences. It is no coincidence that we are the leading escape room supplier in Germany since 2020.

Our compass points in the same direction through the years: to create quality and unforgettable moments that redefine the very essence of entertainment & competitive socialising. Join us on this extraordinary journey as we revolutionize the entertainment industry.

Experience

We are the masters of turnkey escape room construction, transforming ideas into immersive realities. With years of unrivalled expertise and relentless dedication, our team has crafted captivating adventures that leave both players and owners exhilarated.

Our global journey has been one of continuous growth and innovation, propelled by a team of skilled professionals who have honed their craft through countless projects. This vast experience has allowed us to refine our design methodologies, master the art of immersive theming, create state-of-art operations software, and develop intricate puzzles that challenge and captivate players. As a result, we have become an industry leader, trusted by more than 50 businesses around the world, and renowned for our ability to transform ideas into fully realized, awe-inspiring escape room adventures.

Theme Solutions

At Intelligent Entertainment, we have mastered the art of creating unique and captivating theming for escape rooms. Our team of talented artisans and designers bring their boundless creativity to every project, crafting immersive environments that transport players to extraordinary worlds. From meticulously handcrafted props to carefully designed lighting and soundscapes, we leave no stone unturned in our quest to create unforgettable experiences. Whether it is a Styrofoam-based castle wall decoration, or an MDF wood-based wall mount design of a vintage train, our theming captures the essence of each adventure, enveloping players in a rich tapestry of sights, sounds, and sensations.

Game Excellence

At the forefront of escape room manufacturing, our company boasts an extensive portfolio of expertise in crafting immersive escape games. Our seasoned team of game writers possesses invaluable experience in the art of transforming innovative concepts into seamlessly entertaining experiences. We consistently align our game philosophy with cutting-edge technology to elevate the level of immersion within our games. Across the globe, a multitude of satisfied customers currently relish our escape rooms, enhancing the allure of their entertainment venues for their discerning clientele.

Hardware

Our escape room hardware is at the forefront of technological advancements. We utilize custom PCBs and sophisticated wireless tools to create a seamless and immersive experience.

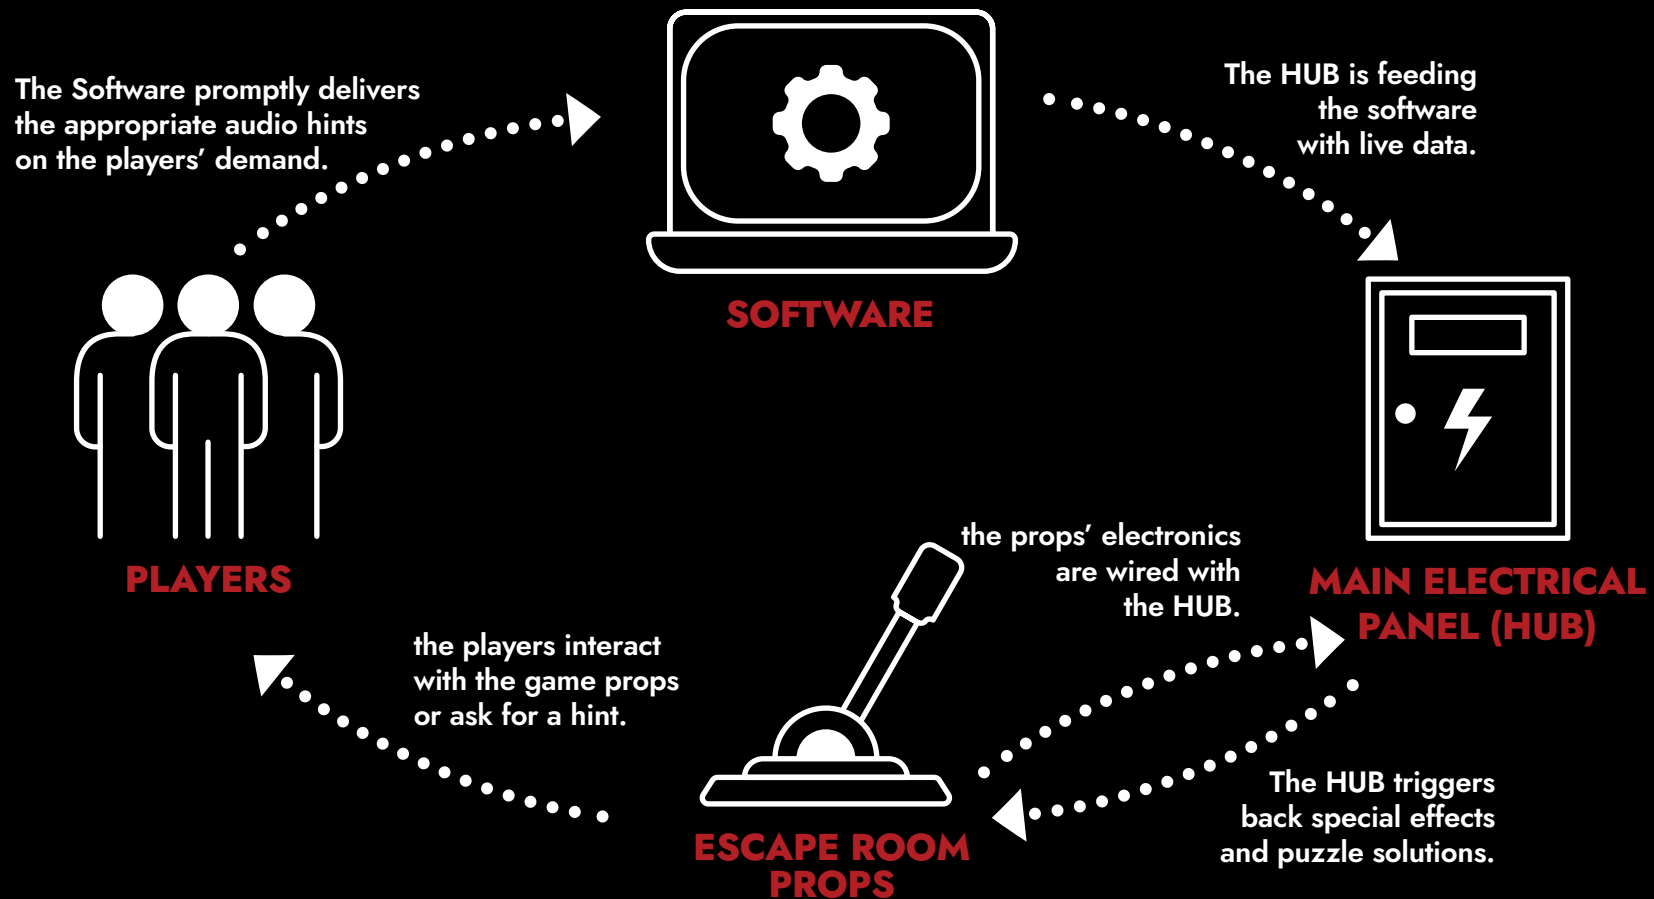

Our electrical panel serves as the centralized control hub for all escape room elements. It efficiently manages and coordinates the intricate wiring, sound effects, lighting, and more. The result is an immaculate, streamlined and captivating escape room adventure.

Our software is designed to read and synchronize all hardware functions flawlessly. Not only does it ensure smooth operation, but it also enables automated hints tailored to the players' progress. This intelligent software calculates the exact puzzle stage players are in when requesting a hint, generating the most relevant clue at that precise moment.

The benefits of our automated game are twofold. With our software and hardware combination, one game master can effortlessly oversee multiple escape rooms simultaneously, optimizing efficiency and reducing staffing requirements. Meanwhile, players enjoy a dynamic and immersive adventure where automation enhances the overall experience.

& Software

Escape Room Operations Software

Quick Process

At Intelligent Entertainment, we excel in prompt turnkey escape room installations. With over 50 successful projects and 200 rooms globally, our experienced team delivers immersive experiences swiftly. From concept to reality, we redefine efficiency and immersion, leaving owners thrilled and players captivated.

PUTT YOUR MIND INTO THE FUN!

PUTT YOUR MIND INTO THE FUN!

Mini
GOLF
COURSES

The MiND *golf*

A cutting-edge indoor mini golf experience that takes entertainment to new heights. With 18 themed mini golf courses, RFID wristbands, and innovative touch screens, MindGolf brings modernity and automation to the classic game of mini golf. Step into a world of high-end theme design and interactive gameplay, where players can engage into competitive socializing, track their progress, and immerse themselves in a variety of captivating themes.

HOW is it PLAYED?

1

Gear up with an RFID wristband to activate courses and engage with touchscreens, unlocking interactive mini golf adventures.

2

Choose your course effortlessly on the touchscreen interface, building excitement for the upcoming game.

3

Keep track of your scores and view the leaderboard on the touchscreen as the game unfolds, driven by your competitive spirit.

4

Conquer each course, moving on to the next with a simple touch, while our intelligent software records your progress.

MindGolf offers a truly unique mini golf experience that sets it apart from its competition. With its state-of-the-art RFID wristbands and touchscreen UI, players enjoy a seamless and interactive journey through the themed courses. No longer burdened by handwritten scores, they can focus on the thrill of the game and relish the convenience of real-time score tracking.

MindGolf's diverse selection of 18 thematic mini golf courses, inspired by popular fair themes and retro gaming nostalgia, ensures an unforgettable adventure that appeals to all age groups.

THE SOFTWARE

Central to the **MindGolf** experience is our sophisticated software, specifically designed to enhance every aspect of the game.

This software serves as the backbone of the venue's operations, streamlining registrations, game management, payments, leaderboards, and more. It empowers receptionists with seamless hosting capabilities and equips venue owners with invaluable insights into financial performance and customer statistics.

SAY GOODBYE TO WAITING TIMES AND MANUAL SCOREKEEPING, AS PLAYERS CAN SWIFTLY TRANSITION BETWEEN COURSES WITH JUST A SCAN OF THEIR WRISTBANDS.

User-friendly touchscreen interface for easy team registration, game launches, and score tracking.

Real time performance tracking, providing instant updates on scores, leaderboards, and standings.

Streamlined venue management with the operations HTML backend software, handling registration, payments, leaderboards, and valuable game statistics.

Intuitive design and functionality, loved by players and venue owners alike.

The background image shows a colorful indoor entertainment space. On the left, a large, leafy tree stands next to a wooden picnic table. In the center, there are wooden benches and a brightly lit area with a circular opening in the wall. To the right, there are several arcade games, including a 'DUCK HUNT' game with a red and white striped backdrop and a 'TEEUMP' game. The ceiling is dark with exposed pipes and colorful lighting. A large orange wave graphic separates the header from the list of benefits.

WHY MiNDGOLF

Smart business choice for entertainment centers.

Diverse themes and nostalgic appeal for a broad audience.

Streamlined operations that optimize staff efficiency.

Cutting-edge technology and captivating themes attract all ages.

Reliable and profitable investment for entertainment businesses.

THE COURSES

HOT WHEELS

Rev up your mini golf game and hit the ball like a hot wheel car; the stronger, the better!

CHECKMATE

Measure your options and lead the ball around a 3D chess table to victory!

GOLFOPOLY

There's only one winning card and one winning hole in this mini golf course!

TEXAS HOLD'EM

Become a mini golf tycoon or face going to jail in this thrilling course!

TIC TAC TOE

Putt your way to victory and make your mark on the classic game of tic-tac-toe in this unique mini golf course!

THE LOOP

Get loopy from the excitement, as you must strike the ball through a massive loop. Can you make it in one clean strike?

PIRATE SHIP

Navigate the treacherous obstacles and claim the pirate treasure with a well-placed putt!

63

CLOWN STRIKE

Take aim at the bowling pins and putt your way right into the mouth of a scary clown!

PUTT OF THRONES

Conquer the 7 Golf Kingdoms and rule the Golf Throne in this epic mini golf experience!

ROULETTE

It takes more than just gambling to sink your putt in the right hole on this exciting mini golf course!

ACE PINBALL

Time your putts perfectly and hit your targets like a pinball wizard in this fun mini golf experience!

BILLIARD PUTT

Challenge your inner Ronnie O'Sullivan and putt your way through cue and ball obstacles!

BEER PONG

Sink your putt into the correct hole hidden within the buckets!

PAC MAN

Help Ms. Pac Man guide the ball to the correct hole, but beware of making a wrong turn!

BONGO DRUMS

Make beautiful music with your ball as you hit all the drum parts on this mini golf course!

TEE JUMP

It may look impossible, but with skill and precision, you can conquer this mini golf course with a single jump!

TREE TRUNKS

Adjust your strength just right and sink the ball into the correct tank on this nature-themed course!

CRAZY LAND

Embrace the madness and take on this wild course - a strong and crazy shot might be just enough!

DUCK HUNT

Patience and accuracy are key as you launch the ball like a proper hunter!

WHAT YOU GET

We design your venue & propose its structure and appearance.

Once approved, we immediately begin the construction of the courses and then ship them to your destination.

Our experienced crew arrives at the venue to install the courses and train your staff to all the game elements.

Your MindGolf Software is created, and you are given extensive training in its use and potential.

WHAT YOU GET

Fully themed, carpeted & operational mini golf courses.

Game parts, such as putters/balls and reusable silicon
RFID wristbands.

LCD touchscreens and reception PC.

Touch screens UI and Operations Software.

State-of-art electrical automations panel.

Courses installation.

2D/3D Venue Designs, Floorplans & Electrical Plans.

Game Manuals, Documents, Game Plans, Flow Charts.

One-year replacement guarantee for all game props.

Staff travel, accommodation & board expenses.

YOUR COMMiTMENTS

OUR MINIATURE GOLF COURSES WILL REQUIRE SOME PREPARATIONS FROM YOU PRIOR TO OUR ARRIVAL TO INSTALL YOUR NEW ENTERTAINMENT VENUE.

More specifically:

- The painting of the reception and common areas, in accordance with the seller-designer's suggestions.
- The venue's electrical equipment, according to our floor plans and electrical plans finalized for you.
- The installation of shared space's carpets.
- The main bar equipment, renewables, beverages & food supply.
- The air conditioning and ventilation systems of the venue.
- The fire hazard prevention equipment and extinguishers.
- The configuration of the room entrances and exits, windows, floors and the space's walls/drywalls & construction in general.
- The transportation of waste/debris from the business premises, or the presence of a waste bin outside the venue for as long our team installs the games to your venue.

The MindGolf, Mannheim, Germany.

Our brand-new, tech-infused mini golf project, Strike City, is coming very soon. Stay tuned!

AGENT FACTORY

Play the missions.

Challenge yourselves. Become Agents.

At **Agent Factory**, embark on thrilling adventures in a covert training ground led by the notorious mutant super-spy, Agent-X.

Test your skills, complete exciting missions, and earn your secret agent certificate. Join the elite ranks of secret agents and get ready for the ultimate challenge that will push your limits and leave you craving for more.

Step into the world of espionage and action -

Are you ready?

HOW TO PLAY

1

Wear your agent RFID wristband. It will be used to navigate you around the game missions and track your performance.

2

Get inside a mission, choose difficulty and begin the game.

THE AGENT FACTORY EXPERIENCE

Unleash the Ultimate Espionage Adventure at Agent Factory! Nestled in an abandoned factory, our thrilling indoor entertainment experience immerses players in covert operations. Enveloped in Agent X's rich lore, become elite secret agents as you navigate the state-of-the-art training ground. RFID wristbands track your progress, making the adventure interactive. Test your skills with challenges, daring rescues, and mind-bending puzzles. Expert instructors push your limits, honing your wit and teamwork. Elevate your venue with Agent Factory - an unforgettable, ageless experience, as guests transform into secret agents, creating memories that last!

3

Try to beat the clock playing a variety of missions, including physical, skills and brain quests.

4

When you succeed, visit a different mission. There are plenty to play at!

5

Measure your points at the live scoreboards at the venue. Don't stop before winning the precious Agent Certificate!

THE SOFTWARE

Agent Factory runs on a cutting-edge software combining RFID, IoT and cloud technologies. Our software ensures seamless connectivity and optimal performance.

Player profiles, team stats, high scores and more are stored through RFID wristbands on our cloud server.

Touchscreens, wristbands and missions seamlessly exchange data, providing an immersive experience.

The venue management is made easy through a simple admin interface, tracking player data and payments.

Players can access their profiles, view stats and high scores, and enjoy loyalty rewards on the website.

On the registration screens, the players can quickly enable their wristbands and create their team.

Outside each mission, players can see the availability on the screen and scan their wristbands to enter.

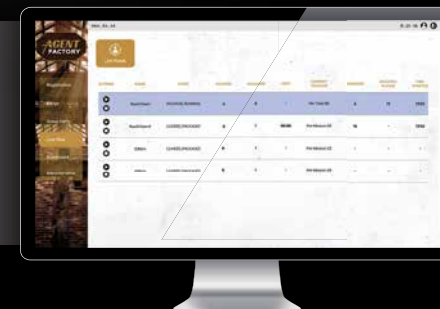

Across the venue, scoreboard screens are displaying live results and leaderboards.

Inside the mission, the team can choose the difficulty and check the game time running.

Our operations software allows the venue staff to accept payments, edit the game details & function the customer experience smoothly.

WHY AGENT FACTORY

Agent Factory is the epitome of 21st-century venue entertainment. Its unique blend of an agent adventure theme in an industrial setting, exciting game objectives, thrilling pace and state-of-the-art software automation make it a prime business opportunity.

- Minimal staff expenses and operational costs.
- Unique game concept, easy to promote.
- Accommodates large player numbers, up to 90 players.
- Turnkey solution including game missions, software & loyalty platform.

COMMITMENTS

We will deliver to you our detailed documentation of the venue in guidelines, manuals & plans. Based on them, you will have to prepare some infrastructure, prior to our arrival to install your new entertainment center:

- The configuration of the reception and common areas, in accordance with our suggestions.
- The supply of the main/high electricity panel of the space.
- The electrical & data cabling ending up on each separate mission, based on our delivered plans.
- The venue's air conditioning & ventilation system.
- The drywalls of the venue, according to the plans.
- The installation of fire security & venue exit doors / fire & safety.
- The painting/configuration of the main surrounding walls, if desired.
- The transportation of the game props from the loaded truck to the exact indoor construction location.
- the transportation of waste/debris from the business premises, or the presence of a waste bin outside the venue for as long our team installs the games to your venue.

FAQ

⚙️ How does Agent Factory compare to other entertainment offerings?

Agent Factory stands out because it offers a truly 360-experience. The players can enjoy competitive socialising thanks to the RFID wristbands and the software that measure their game stats. In Agent Factory, players are directed by the interactive screens and play the game without the necessity of staff guiding them, while the owners can administrate the game and the daily finances with just a few clicks.

⚙️ How does Agent Factory work?

Participants become elite secret agents and embark on a series of thrilling missions led by the notorious mutant super-spy, Agent-X. The game utilizes RFID wristbands for an interactive experience, allowing players to track their progress through the exciting challenges.

⚙️ Who can play?

Agent Factory is accessible for a wide age range. We suggest a minimum age of 9 years old.

How can the Loyalty Scheme benefit my venue?

The Loyalty Scheme offered by Agent Factory adds a game-changing element to your venue. It incentivizes customers to return for more thrilling adventures, as they accumulate points, rewards, and exclusive benefits, fostering customer loyalty and driving repeat visits.

Is Agent Factory easy to integrate into my existing entertainment venue?

Yes, absolutely! Agent Factory is designed to be easily integrated into your entertainment venue. Our team will assist you in setting up the experience, and our experts will ensure a seamless process for your guests.

Custom Projects

In addition to our three core projects, we also specialize in creating customized indoor entertainment experiences. Our construction capacity and creativity have enabled us to undertake unique projects for our clients. From axe-throwing lanes to tailor-made mini-golf experiences, we can bring any concept to life.

STRIKE CITY

Enhanced Player Experience

Streamlined Operations

Dynamic Scoring

Strike City is an exciting, tech-infused mini-golf game. Currently in the development stage, it promises to be our next flagship offering.

Strike City is using a unique & complex custom software to provide a breathtaking customer experience. The players use RFID wristbands to create their teams, enable the courses and watch their points progress live as they play. At the same time, the venue administration can operate the game smoothly via an HTML application, manage payments and enjoy a 360-control of the venue.

Stay tuned for updates!

The TIMBER-tee MiND golf

Our wooden mini-golf project, located in Cairo, Egypt, showcases stunning wood-based aesthetics and state-of-the-art courses creations that elevate the game to a new level of beauty!

We take pride in delivering the thrilling challenge of axe-throwing lanes to our customers, particularly in Munich, Germany!

THANK
YOU!
